### School Communications via the MCAS App

Dear Families,

Following successful trials, we are pleased to confirm that from **September 2025, all school communications will be sent through the My Child at School (MCAS) app**. This means that letters, reminders and key updates will no longer be sent via other systems.

It is **really important that all Parents/Carers download the MCAS app** to stay connected with school life and ensure you do not miss any important information. You can register now by signing up using the email address we have on record for you.

To download the app, simply scan the QR code (left) using your smartphone camera. Once downloaded, **please make sure you enable notifications for the MCAS app so that you are alerted each time you receive a message from school.**

We are also making good progress towards enabling even more features within MCAS, such as:

- Pre-selecting school dinner options
- Paying for school trips and items
- Booking Family Engagement Evening appointments and after-school clubs

We will share a further update with you once these features are live.

Thank you for your continued support in helping us make communication more efficient and accessible for all families.

If you need any assistance with MCAS, please contact our School Office team who will be happy to help.

Yours sincerely,

*AVStraaten*

**Mrs Van Straaten**
