Reception and Year 2 Space Day – Wonderdome Planetarium Visit

Dear Reception and Year 2 Families,

We are thrilled to announce that on **Thursday 22nd January 2026**, our school will be hosting a special **Space Day**, featuring an exciting visit from the **Wonderdome Inflatable Planetarium!**

This immersive experience will support our learning in both Reception and Year 2, helping children explore the wonders of space and the solar system.

Reception

Reception children will be learning all about space — including the solar system, what astronauts do in space and how they travel there. As part of Space Day, children will:

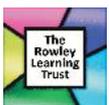

- Step inside the Wonderdome to explore the night sky and planets.
- Become astronauts in our classroom space stations.
- Take part in astronaut training activities.
- Hear a story from a real-life astronaut!

We would love for all Reception children to come to school **dressed as astronauts**. Costumes can be simple — a plain white t-shirt works perfectly — and we encourage families to get creative with recycled materials to make helmets and jet packs!

Year 2

Year 2 will be using this experience to inspire their next writing topic on space. The Wonderdome visit will help children visualise the night sky, our planet, and other planets in our solar system, giving them plenty of ideas for their writing. Year 2 children should come to school in **full school uniform** as usual.

Cost and Payment

The cost of the visit is **£4 per child** for both year groups. Payment should be made via the **MCAS app** under 'Visits and Trips'. We kindly ask for your support in making this contribution so that we can continue to offer enriching experiences like this.

We are really looking forward to a day that promises to be out-of-this-world for our children!

Yours sincerely,

A handwritten signature in black ink that reads "Miss Dale". The signature is written in a cursive, flowing style.

Miss Dale
