INTERVENTIONS

- You may find that your child will be part of an additional group. All of these sessions are put in place if children are showing a particular need and it is a support mechanism to help them in school.
- Sessions are run by our trained LSPs.
- The aim is to provide a short focused based intervention for a short period of time so that gaps are bridged as soon as possible.
- Throughout the afternoons additional sessions are run to support children in areas such as Phonics, Writing, Maths and Handwriting.
- Again, these sessions are there to support your child in school and to address gaps in learning in the short term.
